

The power of a buying group that lets **YOU** call the shots.

The Association of Independent Welding Distributors (AIWD) is a buying group comprised of approximately 145 current members that partner with a select group of loyal vendors. Members benefit from the power of a purchasing group while remaining completely independent. Founded in 1999, AIWD continues to help strengthen the independent business owner and we invite you to consider joining us!

FINANCIAL VALUE

There is no "investment" for membership in the AIWD, only economical annual dues. On average, for every \$1 spent for dues, members get back \$9 in vendor rebates. Some of our members have received as much as \$25-\$50 per dollar spent. Membership in AIWD has many lucrative rewards!

INDEPENDENCE

Members elect the vendors that are part of our buying group and all transactions between member and vendor are completely confidential. No transaction whatsoever passes through the AIWD, nor are you required to buy from a sole supplier to reap the many benefits of our AIWD programs.

EXTENDED FAMILY

Many members have extended family that work within their business. The AIWD is family-friendly! Our annual convention is thoughtfully planned in exciting locations and include entertainment for you and your guests in addition to our robust trade show and business agenda. Hope we will join us at our next event!
